

COMPANY PROFILE:

QSS India Manpower Outsourcing Services is a well-established provider of manpower solutions with a strong focus on housekeeping, hospitality, security services, and skilled and semi-skilled manpower. With over 25 years of experience, we have built a reputation for delivering high-quality services to both government and private sector clients. Our company operates across a diverse range of industries, ensuring that our clients receive professional, reliable, and efficient staffing solutions tailored to their unique needs. Our core area of expertise lies in housekeeping services, where we manage a workforce of over 1800+ housekeeping, payroll workers, security personals and Data entry operator's deployed across various regions. We ensure that cleanliness, hygiene, and organization are maintained to the highest standards. Additionally, our security services division provides over 350 trained security guards who are currently stationed at private companies, ensuring the safety and protection of personnel and assets. Our hospitality services cater to both government and private organizations, with our well-trained staff offering high-quality customer service and operational support.

OUR MISSION:

QSS India has a long-standing history of working with both government and public sector organizations. Our experience in these sectors allows us to understand and meet the specific regulatory and operational requirements that these clients demand. We provide tailored solutions that ensure compliance with all relevant laws and standards while maintaining cost-effective operations. Our skilled and semi-skilled manpower services also provide valuable support in various administrative, operational, and technical roles within both sectors. This includes providing computer operators and support staff to assist with day-to-day operations, further ensuring the smooth running of our clients' businesses.

We take pride in the comprehensive management of our housekeeping services, which includes staff supervision, cleanliness scheduling, inspection, evaluation, and detailed reporting. This approach allows us to provide clients with ongoing improvements and ensures that high standards are consistently maintained. Our services are backed by a commitment to quality and the use of advanced techniques, equipment, and eco-friendly products.
